[From the Rochester Democrat and Chroniela.] The name of Dan Rice of 755 Plymouth aw. Rochester, N. Y., is well known throughout the country. His wife, while enjoying a less wide fame, is the favorite of a large circle of friends and acquaintances, who became very much alarmed at the condition of serious ill health in which Mrs. Rice has been for some time past. She grew terribly nervous, weak, and prostrated, frequently dropping upon the floor unconscious, until all were in despair of ever

seeing her in health again.

Of late, however, there has been a great change in her condition. Where before she was so terribly run down in health and strength as to make life a burden, she is now strong, healthy, vigorous, and enjoys life thoroughly again.

and pleased, but greatly mystified as to the cause of so sudden return to health, when as everyhody knew, she had been so very low and prostrated.

To a friend, however, she explained the secret of her sudden restoration to health.

"I had a heart and nerve trouble of long standing. I had fainting spells, sometimes as many as nine or ten in a day. The neighbors frequently found me unconscious. I could not sleep; many times I never went to sleep all night.

"I had a great deal of pain in my side and atomach, and could not sleep on my left side at all. I had an attack of numbness in my right side which made it difficult for me to speak or swallow. and pleased, but greatly mystified as to the

side which made it diments are swallow.

"I used Dr. Greene's Nervura blood and nerve remedy, and when I had taken two bottles the numbness had left me and I have not fainted but four or five times in the last six months, and I have not had any fainting spells for two months. I can now sleep and rest well. rest well.

My friends are more than surprised at my

spells for two months. I can now steep and rest well.

"My friends are more than surprised at my improved health."

Her friend and neighbor, Mrs. A. Borne of 15 Brook av., Rochester, had often found Mrs. Rice unconscious in these terrible numband fainting spells before she took Dr. Greene's Nervura blood and nerve remedy, and is delighted, as well she may be, with the effects of this wonderful medicine.

We have for years advertised this remarkable remedy in our columns, and our readers can readily turn to such advertisement is almost any issue of our paper. We know of a great many similar curse effected by this deservedly popular medicine—cures from nervousness, weakness and exhaustion, insomnia, maiaria, poor blood, dyspepsia, indigention, bitiousness, kidney and liver complaints, constipation, and the weakness of general debility. Many of us are in a weakened and nervous state, lacking our old-time strength and vigor. Dr. Greene S Nervura blood and nerver mensely is the very best thing to take to one up the system and restore our strength. Most every one needs a medicine to strengtheathe nerves, invigorate the blood, and start up the action of the liver and kidneys, and take is the greatest and best of all remedies. It is purely vegetable, too, and perfectly harmiess. All druggists keep it, \$1 per bottle.

We assure sufferers from disease that they cannot do better than to use this really wonderful medicine.

Dr. Greene of 35 West 14th st., New York, its discoverer, is a specialist in the cure of nervous and long-standing diseases, who has the largest practice of any physician in the world, and can be consulted nersonally or by letter, free of charge. Call or write him about your case, or send for a symptom blank to fill out, and a letter fully explaining your disease, giving valuable advice, &c., will be returned without charge.

This remedy, being the prescription and discovery of this great physician, is not a patent medicine, but on the contrary is a remedy which all decores recommend and endorse, becaus President and Vice-President, was valid and constitutional, being inoperative only so far of Congress fixing the time of the meeting of sons in the court room when it was announced.

LASKER DEFEATS RYAN. The Voteran Overrunts a Chance for a Braw

and Loves in Sixty-ave Moves, The second week of Lasker's engagement at the Manhattan Chess Club was opened with a game against J. S. Ryan. The latter, having the move, played an irregular game, a sort of a king's flanchetto, which he followed up by castling on that side. Lasker at once set sail for the white king, and on the eighteenth gave up a pawn in order to open the king's knight file for his rook. Ryan, however, prevented

his opponent from castling on the queen's danger, pursued a line of play which was perhaps, not the most effective at his disposal.

Later on Lasker gave upan additional pawn, but on the twenty-third move secured the win of the exchange. Hyan could have secured a draw by perpetual check on the twenty-elight move, but falled to see it. After the exchange The theatrical week in this city began last of queens on the thirty-fourth move, the game wening without a new play. That is unusual resolved itself into an ending.

made it fresh and bright. Mr. Hopper was himself the centre of the humor, and pretty nearly the circumference, too. As the Spartan monarch with a keen relish for inflicting an ingeniously refined punishment, the judicrous resources of this well-endowed buriesque actor find full exercise. With the voice of a fine singer and the abilities of a genuinely dramatic player, he is better equipped than almost any other performer in his field. In the arena scene, which is the successful one of the opera, his fun was very potent with the audience, and at the end he was encouraged to make a speech. So was Mr. Rosenfeld.

The reproduction was generally good. The cast contained for especial commendation Jefferson DeAngelis, Anna O'Keufe, Edwin Stanley, and Della Fox. The tuneful music, gathered from many sources, and largely derived from Sir Arthur Sullivan, was sung effectively. The scenery and costumes were handsome.

Dr. Mintz announced the following programme for the current week: To-day, Lasker will play against J. W. Bairo: to-morrow, against D. G. Bairo: on Thursday, against J. S. Ilyan; on Friday, against Hodges. On Saturday (ladies' day) Lasker will play six Saturday (ladies' day) Lasker will play six games simultaneously and blindfolded.

It made several preliminary allowances yesterday, one of which was \$2.798,170, a reduction of about \$350,000 on Commissioner Gilroy's estimate. The Board allowed \$33,261.45 to the Board of Grammar School 54, on 104th street, and \$2,000 was given to the Park Department for improvements of Van Cortlandt Fark parade ground, \$5,000 to pay the Health Department summer corps, and \$4,209 for the tugs used by the cholera patrol of the Police Department.

The house they lived in on the Tow Path road is owned by Cornelius Johnson, who lives in one ond up stairs with William Mitchell. They are both more than 70 years old. Jost worked on Sanday, and was the worse for liquor when he reached his home that evening. Angry words were heard by Mr. Johnson and Mr. Mitchell soon after Jost entered the door. But the couple had quarrelled so often that they paid liftle heed to the dispute, and Mr. Mitchell went to bed.

It was after 80 clook, Mr. Johnson says, when the dispute suddenly stopped and he heard footsteps ascending the stairs in Jost's portion of the house. There was an interval of quietness, and then Mr. Johnson heard the footsteps going down the stairway.

At the bottom there was a pause of about half a minute, and then a heavy smothered report shook the house. Mr. Johnson thought the sound came from outside the house. Mr. Mitchell jumped out of bed and started down the wooden stairs on the outside of the house which led from their rooms into the yard below. He met Jost coming up.

My wife s shot herself," said Jost.

How did she do it?" inquired Mr. Mitchell. I don't know, was the renly.

Mr. Mitchell then started for Dr. Henry B. Watson, who lives at the foot of the road on Gien street, while Mr. Johnson went into Jost's kitchen, where the shot was fired. One glance Mr. Johnson says, convinced him the woman had been murdered.

She sat leaning back in a rocking chair, her feet crossed carelessly, and in her folded hands was a towel with which she had just finished wiping the table in trout of her.

On the floor near the chair was a snoking shotgun. The left barrel had been discharged. There was a loaded shell in the right barrel and the hammer was at full cock. I wo feet back and a little to the left of the dead woman swung the open stair door. The charge had struck her on the left of the head back of the temple, blowing the top of her skull off, spattering the walls with blood. He stealthily got on the first train without buying a ticket, and, in paying his fare to the conductor, got back a duplicate check punched for Long Island City.

Assisted by liberal quantities of bad whis-key, his suspicions redoubled their activity, and he left the train at a way station and somehow reached Hempstead. There he boarded another train without a ticket and paid his fare to Flatbush avenue, as shown by a duplicate check. When he reached that place he was full of whiskey and thoughts of the murder. He hurried along the street accusing of and defending himself for the crime in vigorous tones. Catching sight of the uniform of Policeman William Parks he attempted to run away. That caused the toliceman to grab him.

Padia then began a vigorous protest in broken English against his supposed arrest for murder. By the time he reached the police station he was running a little mystery of his own, and vaguely hinted at blood-curdling revelations he could make if so disposed. Sergeant Buschmann ordered him to be locked up, and notified the authorities of Gien Cove of the arrest. It was thought that he saw or knew something of the murder.

By nightfall he had sobered up sufficiently to tell a straight story. He had been employed on Isaac Thorn's farm in Locust Valley and was paid off on Saturday, and was intending to work his way back to New York. When he heard of the murder his overwrought imagination caused him to attempt to fee from himself.

Alexander Shaw, the plaintiff in this case, is the owner of about one-fifth the stock of the West Virginia Central and Pittsburgh Railway Company. He complains that he has been systematically robbed during a series of years by three prominent men. Stephen B. Elkins, Henry G. Davis, Stephen B. Elkins. Henry G. Davis, and Thomas B. Davis, who own a majority of the company's stock and manage its affairs. Ho charges that the West Virginia Central and Pittsburgh Hailway Company was started as an enterprise of small proportions, but of assured profits, if kept within its proper limits. It fell into the hands of Messra. Elkins and Davis, and they have so perverted it that it is now a top-heavy concern, and the plaintif says he has good reason to fear the ultimate hankruptcy of the concern unless the courts will stop these procedings. The most valuable property of the company, and, the plaintiff claims, the only thing of value is a small bed of excellent coal, amounting originally to between 700 and 800 acres. It is admitted that the sale of this coal has been the only side of the enterprise that has made profits.

900 OPERATORS ON THE ATCHISON GO OUT ON THE STRENGTH OF IT.

They Resume Work at Once When They Find that Chief Rammey Did Not Order Them Out—The Trouble on the Rio Grands Road Still Unsettled—Engineers Obstinate TOPERA, Kan. Oct. 17.-A bogus despatch purporting to come from Grand Chief Ramsey of the Order of Railway Telegraphers caused 900 operators and train despatchers on the Atchison, Topeka and Santa Fé to desert their posts at 10 o'clock this morning. The despatch was received here at 3 o'clock this morning

and was as follows:
"To all Operators and Department:
"In view of the fact that the Gulf, Colorado and Santa Fé is operated by the Santa Fé, it is thought best that all overators on the Santa Fe should go out as well, as the company refuses to concede the conditions on the Gulf. Colorado and Santa Fé schedule."

The walk-out resulted in the stoppage of all trains and not a wheel can be turned until the difficulty is settled. General Manager Robin-son, in speaking of the unexpected strike, said that it was all a mistake. He says that Chief Ramsey did not write the despatch that resulted in the walk-out, but that it was sent by an operator in Dodge City named Johnson, as the men can hear from Chief Ramsey that five operators and seven train despatchers

employed by the Santa Fo road at their head-quarters in this city. After they had left their work they declined to make any statement for publication.

Chief Hamsev of the Order of Railway Tele-graphers notified the men shortly after 2 o'clock this afternoon that they had been heaxed, and all of them returned to work im-mediately. Mr. Springer said the forged mes-sage ordering the telegraphers out had caused the company a great deal of inconvenience for about two hours, but averything was now run-ning smoothly and he anticipated no further trouble.

Denver, Col., Oct. 17.—The strike on the Denver and Rio Grande continues, with no signs of immediate arbitration. The strikers refuse to confer with the officials. The telegraph operators have announced their willing, ness to go out when called. Assistant Grand Chief A. R. Youngston of the Brotherhood of Locomotive Engineers has arrived from Cleveland. The switchmen this afternoon declined to join the engineers owing to Chief Arthur's attituded uring the labor troubles at Buffalo.

Train service on all the mountain divisions has been abandoned. While President Jeffery is very reticent, he feels confident that an amicable understanding will be reached within twenty-four hours.

The annual meeting of the Denver and Rio Grande Company will take place to-morrow, and the situation will be thoroughly discussed. The conference between President Jeffery and the Grievance Committee failed to take place on account of dissensions in the committee.

St. Louis, Mo., Oct. 17.—The Missouri Pacific telegraphers, headed by Grand Chief Ramsey and Chairman Gillen, held another conference with George C. Smith, assistant general manager of the Missouri Pacific, at 4 o'clock this afternoon. When the conference broke up a reporter saw Mr. Ramsey, who said that the order was waiting to hear from Mr. Gould, and that an answer was expected tomorrow morning. No ultimatum has been given to the Missouri Pacific. George C. Smith was also seen, and he said that the telegraphers' demands had been reduced to about \$60,000 per annum, and that he had recommended an advance of \$38,000 per annum.

Murphy, who was sent to the penitentiary yesterday for six months for brutally beating his wife. Murphy had been an active Republican at every election for some years, when he happened to be cut of jail at election time. He has the reputation of being a brutal ruf-flan, and is in constant trouble with the police. Every time he was arrested he claimed that he was being persecuted because of his he was being persecuted because of his politics, and on a recent occasion when he was tried for assaulting a policeman he told such a plausible story that he succeeded in imposing upon Judge Lippincott.

It was evident at his trial yesterday that Murphy and his wife had agreed upon a story to tell to the Court. On July 23 Mrs. Murphy went before Justice Martinez and procured a warrant for the arrest of her husband. She swore that he struck her in the mouth, knocked her down, and kicked her in the ribs. Her appearance at the time bore evidence of the truth of her statement. Festerday, when she was called to the witness stand in the General Sessions Court, she had forgotten all about the circumstances. Judge Lippincott, seeing that she was evidently committing perjury in her answers to Assistant District Attorney Noonan's questions, warned her to be careful.

"I think," said Judge Lippincott, "that this witness had better go to iail for a week or two; it may sharpen her memory."

"I don't want her to go to jail, Judge," exclaimed the defendant: "I would rather plead guilty."

guilty."
Murphy testified that he had been employed as an inspector in the Bureau of Animal Industry. He said his wife threw a stove lifter at him, he pushed her, and her head struck against the door. The Vice-Presidential Nominee Speaks in Opelika and Montgomery to Large Crowds, MONTGOMENY, Ala., Oct. 17.-Adlal E. Stevenson and party arrived in Opelika at 9% o'clock this morning. The city was gayly decorated

in honor of his visit. The crowd was variously estimated at 6,000 people, including many Populists and Alliance men. Georgia sent a large delegation, who came in handsomely decorated cars, from which flaunted banners inscribed: "Georgia, 70.000 majority, greets her sister State

70.000 majority, greets her sister State Alabama."

Gen. Stevenson was met at the station by a committee and conducted to the hotel, whence he was escorted to the place of speaking. Though somewhat hoarse he was distinctly heard by the large crowd, who applauded the speaker enthusiastically throughout his address. His allusions to the Force bill were wildly cheered.

After the speaking Gen. Stevenson held an informal reception at the hotel. He left on the 4% o'clock train for Montgomery, arriving here at 7:20 o'clock. Gen. Stevenson's stay in Montgomery was limited to two hours. He was met by a committee, of which Gov. Jones was a member, and conducted to the Exchange Hotel, where he was entertained. He spoke briefly to a large crowd from the Exchange balcony, and soon after left the hotel for the train. He will arrive in Birmingham at midnight and speak in that city tomorrow. To a reporter Gen. Stevenson expressed himself as greatly pleased with the Democratic prospects in Alabama, and says his trip, brief as it is, confirms his belief that the State will cast its vote for Cleveland.

For Civil Justice of the First district the County Democrats endorsed William J. Caffrey, Republican.

The County Democrats in the Fifth district endorsed the Tammany nominees. They were expected to unite with the Republicans in nominating Schulum for Assembly and McGinniss for Aiderman.

New York Democracy Assembly and Aldermanic Conventions were held in the Seventh and Twelfth districts last night, and the regular Tammany Hall candidates were endorsed.

The nomination of Percival Farquhar for Assembly by Tammany in the Eleventh district followed the will drawn of Edward Bell, who was chosen Friday night.

MR. HARRITY'S HAIR IS Artist Gibson Loses His Bot with Artist

Dairymple on Its Color.] Probably the most original bet of the campaign was settled at Democratic national headquarters yesterday.

While Chairman William Frank Harrity before the campaign opened was very well known in Pennsylvania, he had not been a familiar figure in New York city. His figure, eyes, and hair, had been de-

scribed in only a very general way. Puck's artists have to do especially with these charartists have to do especially with these characteristics. On extraordinary occasions they will hunt up a man and size him up, but more frequently they rely on photographs.

Mr. T. Gibson had been led to believe that Mr. Harrity's hair was black. Of his associate artists, Mr. Taylor and Mr. Dalrymple, Mr. Dalrymple believed that Mr. Harrity's hair was brown with an inclination to the auburn. Mr. Taylor was neutral.

At last Mr. Gibson plumped a \$100 bet at Mr. Dalrymple that Mr. Harrity's hair was black. All three have been at headquarters on several occasions, but Mr. Harrity's absence has prevented the settlement of the bet. Yesterday they turned up again accompanied by John J. Becket and James L. Ford. They had read in The Sun that Mr. Harrity's hair was brown almost to auburn. They were quite willing. Accept The Sun's statement, but they alse anted to see Mr. Harrity.

The Natio. Democratic Chairman invited them all to me up stairs and see him. He gave them a cordial greeting and then sat in his revolving chair while the artist inspected his hair.

"I've lost," said Gibson, after a moment's glance. Whereupon Mr. Taylor and Mr. Dalrymple gripned in prospect of the hole they would make in the \$100 bill. Mr. Harrity enjoyed the situation hugely. He honed all bis visitors would yots the Democratic ticket. Mr. Dalrymple happens to be a Harrison man, and one who has had experience in political fights. acteristics. Therefore, unless President Harrison issues some such preclamation as accompanies the designation of thanksgiving. Oct. 21 will not be observed in financial circles as a legal holiday. The englise of the east-bound passenger train, due at Niagara Falls, Ont., shortly after 3 A. M., was covered with blood, and the indications are that Anderson was struck by that train. A life insurance policy was found in his pocket, and by this he was identified.

His death in this manner is mysterious. One of his legs was found in an open sewer twelve or fifteen rods from the station or engine stand at Niagara Falls, Ont. and as very little water runs through it the limb could have reached this point in no way except by being carried and thrown in.

His pockethook, with two or three bills of small denomination and some checks, was found to-day in an ash heap, where it is supposed to have been pulled from the ash pan of the engine.

After the death of Judge Houghton he continued in partnership with Mr. Talcott until the latter was elected to the Supreme Court bench. Mr. Clark was a Democrat in politics. He never held a political office, but was twice his party's choice for State Senator, first in 1879. He was not disposed to take an active part in politics, helieving that the officeshould seek the man. George Barnes, a prominent citizen of Syracuse, diedyesterday at the Fifth Avenue Hotel in this city. He returned last week from Europe, and his death was caused by heart failure, superinduced by pneumonia, which he contracted on the voyage. He was born sixty-five years ago in Teuterden, England, and came to this country when a young man. He was first connected with the New York Central Railroad, and afterward became cashier of the Central City Bank of Syracuse. He was subsequently President of the George Barnes Manufacturing Company, who are the foremost makers of reaper knives in the United States. He was President of the State Bank of Syracuse, and also President of the Trust and Deposit Company of Onondaga. He was a Unitarian in religion and a Republican. his first appearance as a candidate. A lack of courage is evidently not one of Mr. Dady's characteristics, for the district in which he is to make his initial race has a natural Democratic majority of 3,000 or more, and his Democratic competitor is Gen. Isaac 8. Catlin, the gallant one-legged veteran, who was twice elected District Attorney of Kings county on the Republican ticket by the aid of Mr. Dady and other Republican hustiers.

Until Gen. Catlin ailled himself with the Democracy, a few years ago, he had no closer political friend than "Mike" Dady, and Gen. Catlin's change of heart has not disturbed their friendly personal relations. Both are campaigners of the most active kind, and it will be interesting to watch the progress of the contest. Mr. Dady's nomination was made by acclamation and with much enthusiasm.

In his speech of acceptance, Mr. Dady took occasion to compliment Hugh McLaughlin on his prowess as an organizer, and recommended the Republican managers to follow his avanuals. child, Mrs. Frank Hiscock.

Mr. Dady was born in Brocklyn and has lived there all his life. He first became known to the public as the superintendent of the Municipal building. He was trained in politics by the versatile Albert Daggett, and as a winner of primaries has few equals in Brocklyn. He beld control of his organization in the Fourth ward for several years and then moved into the Third, and soon wrested the control from Hugo Hirsh. He was superintendent of the new Federal building during the early period of its construction, and is heavily interested in several large contracts. He is Chairman of the Executive Committee.

WANAMAKER A HITNESS.

A Revetone Bank Suit in Which the Post PHILADELPHIA, Oct. 17.-Postmaster-General John Wanamaker was called to-day as a States Circuit Court in the suit of Receiver Yardley against William C. Torr, to recover \$37.750 assessment on 750 shares of Keystone National Bank stock. A debate preceded Mr. Wanamaker's testimony as to whether he should be required to relate conversations that he had had with Gideon W. Marsh, the missing ex-President of the bank. The Judge ruled that such conversations were inadmissible. Mr. Wanamaker was then examined by Mr. Pettit, the receiver's attorney. His replies were of the same nature as those given at the hearing some time ago in city councils, Regarding the 1.000 shares of stock over which there had been considerable discussion, the witness said he took them to the Girard Trust Company, where he obtained a loan on them for John C. Lucas, in the sum of \$40.000, and that he had handed the check received from the trust company over to Mr. Lucas. The matter was only an accommodation, he said, for Mr. Lucas.

As to the 2.516 shares of stock received by the witness from Mr. Lucas, Mr. Wanamaker explained that he received them to use as collateral for an operation in stocks in which he and Mr. Lucas were interested. Subsequently the 2.516 shares were returned by the witness to the Lucas estate. Earlier in the trial it was urred that the shares mentioned were overissued stock.

The cross-examination by Mr. Sulzberger took up only a few minutes. Mr. Wanamaker was asked whether he had over been sued or been threatened to be sued on any of the alleged over-issued stock, and the answer was that he had not. The defence shortly afterward closed, and counsel summed up the evidence. States Circuit Court in the suit of Receiver Yardley against William C. Torr, to re-
